

You only have one set of eyes ... and a yearly exam is critical to good eye health.

# Finally, a vision plan for individuals and part-time employees

A no hassle, no paperwork comprehensive vision program through participating doctors of United Eye Care Providers.

**United Eye Care Providers offers affordable vision care plans** to both individuals and employers. There are no access fees, eligibility requirements or administrative forms required. So whether you are an individual, operate a small business or a large company, you don't have to compromise your vision or the vision of your employees.

**United Eye Care Providers' network of doctors** are the same doctors that participate on Medicare and most major medical plans, such as: BlueCross and Blue Shield of Illinois, Humana, Aetna, Multiplan/PHCS and vision plans, including: VSP, Davis Vision and EyeMed.

**United Eye Care Providers' discount plan** is competitive with most vision plans and has added benefits over most vision plans of: no limitations on the number of visits, frame or lens selections. In most cases you will be able to see the same doctor you see now.
